

Astrological Clues to Life's Journey

The Lunar Nodes:

North Node- points to the direction of life that is new and full of growth and feels a bit terrifying.

Embracing these challenges is empowering!

South Node- points to the direction of natural talents and comfy habits. Good to know but can stifle growth potential if too comfy here.

The Midheaven/MC:

The Sign of MC- describes how one approaches their public calling in life

10th House Placements- describes where a meaningful career and legacy might be found

The Sun:

House & Sign- describes what brings vitality, authenticity, and creative expression into one's perspective

The Rising Sign's Ruler:

House & Aspects- shines light onto where energy is guiding the chart throughout life
